Experience:

SkyGoal Innova Technologies Pvt Ltd

Delhi, India

Backend Developer (4 months Intern)

Jan 2024-Present

- Developed and maintained server-side logic, database management, and API integration to ensure robust and secure backend functionality.
- Worked closely with front-end developers to integrate user-facing elements with server-side logic.
- Identified and fixed bugs, performed rigorous testing, and optimized backend performance for enhanced reliability.

Sponskart India

Delhi, India

Full Stack Developer Intern

Aug 2023-Nov 2023

- Developing and maintaining our web platform, ensuring its functionality, efficiency, and security.
- Collaborated with cross-functional teams to design and implement new features and enhancements, improving user experience.
- Troubleshoot and resolved issues, conducted comprehensive tests, and optimized performance for better scalability.

Personal Projects:

Translingua (It's a language learning website. On summer camp students can learn language remotely by enrolling in a class on this site)

Features: (MERN Stack Project)

- Stripe JS Payment method implemented to take payment from students to enroll in a class and also their payment transaction ID will be stored on the server.
- JSON Web Token Verification method added to verify valid user, but it is not fully verified with full steps everywhere.
- This is a full-stack website for 3 types of users. Admin, Instructor, Students. Every user's browsing experience is different with proper validation and route.

Translingua: [Live Site](#)

GitHub Repo: Translingua [Client](#) | [Server](#)

Technology Used: Vite + React.js, React router, Firebase, Tailwind CSS

Tools: React Icon, Image BB, Stripe JS, Axios, Tans Stack Query, JWT, Moment JS, and so on.

Taste Haven (A chef-centered recipe-based website made for Bangladeshi cuisine with Bengal recipe)

Features: (MARN Stack Project)

- Responsive Home Page implemented for a smooth view on both mobile and desktop and a good user experience.
- Beautiful carousel banner added with some testy text to attract customers to visit this website.
- Firebase authentication enables secure account creation and login for personalized access.
